

Lindbrook Opens Resource Recovery Area

Last Thursday, Nov 30, Beaver Municipal Solutions opened the new Resource Recovery Area at the Lindbrook Transfer Station. Members of our Board and PAC, joined with staff to launch this long-awaited recycling and diversion program. All visitors to the site were thrilled to learn about the opening of the Resource Recovery Area. The cardboard bin was the most popular, with numerous residents expressing gratitude to have a local place to take this material.

Residents can now recycle year-round at Lindbrook. Newspaper, office paper, flyers and catalogues can be

recycled in the mixed paper bin. Flattened cardboard, metal, tires, Freon-containing appliances, used oil products, paint, propane bottles, antifreeze, e-waste and automotive batteries can also be separated from the waste stream and placed in the appropriate collection containers at Lindbrook. The success of this pilot at Lindbrook will help determine whether we expand to other transfer stations in the county.

If you have any questions about the type of materials we now accept, please ask one of the site attendants. They would be most happy to help you.

Blinky and His Minion Friends Are Back!

For the third consecutive year, Beaver Municipal Solutions is proud to bring Blinky back for the local winter parades. He was joined by his minion friends to help Santa spread a

little cheer this weekend. On Friday, Dec 1, Blinky and friends, along with some of our staff were in Viking, handing out candy canes and reusable bags. Children of all ages clapped and cheered, rocking along to the Christmas tunes.

On Saturday evening, Dec 2, Blinky and crew delighted the crowds along the parade route in Tofield. Onlookers cheered and pointed to the minions in "Santa's sleigh".

Beaver Municipal Solutions is proud to be able to participate in these community events and help bring a little joy to the Christmas season.
